

FFS 1/8 - 1 1/2 "BSP

FREE FLOW SILENCER

WORKING TEMP. : -10-°C + 80°C.

MATERIALS : Anodize AL - 6061 black,
polyurithane foam.

NOTE:

*FFS Silencers are often used with ejector vacuum pumps, installed in their outlet.
The flow must be uniformed on the cross-section D2, in order to get the lowest noise.*

SILENCERS' DIMENSIONS in m"m

	D1"	D2	D3	A	B
FFS 1/8	1 / 8	5	19	8	70
